Aleda E. Lutz VA Medical Center and Oscoda VA Community Based Outpatient Clinic to Hold Community Town Hall with Local Veterans

The Aleda E. Lutz VA Medical Center, and its Oscoda VA Community Based Outpatient Clinic (CBOC), is hosting a town hall for Veterans, family members, Veteran Service Organizations, and interested community partners to provide feedback on VA operations and recommendations for VA programs. A panel of VA leaders will be present to answer questions and receive issues, concerns, and suggestions for enhancing care and services at the VA and CBOC.

This event will be held on Wednesday, March 23, 2016, at 5:00 p.m., at the American Legion Post 274, 349 S. State Street, Oscoda, MI. We want to thank the American Legion Post 274 for their generosity in allowing us meeting space so we may talk with Veterans and others.

VA leadership looks forward to talking with Veterans and others about how the VA can improve care and services.

The Aleda E. Lutz VAMC in Saginaw, Michigan operates an 81-bed skilled nursing and rehabilitation Community Living Center, with an additional 8-bed acute medicine and telemetry wing. It provides care to over 34,700 Veterans in a 35-county geographic area, from mid-Michigan to the Mackinac Bridge. Veterans also receive care at one of our nine VA Community Based Outpatient Clinics located throughout Michigan. More information about this VA can be found at www.saginaw.va.gov.
