Oscoda VA Community Based Outpatient Clinic Welcomes Telehealth Education Delivered (TED) Vehicle Open House

Oscoda area Veterans and the community are invited to tour the Telehealth Education Delivered (TED) vehicle on Monday, July 17, 2017, from 11:00 a.m. – 3:00 p.m. at the VA Clinic located 5671 Skeel Avenue, Suite 4, Oscoda, MI 48750.

This event will provide education and information on the technologies associated with delivering care to Veterans virtually, which helps support access for Veterans to care in rural areas.

Some topics the TED event will cover include mental health, rural health, education, wound care, audiology, primary care, spinal cord injury, home based primary care, patient care, retinal imaging, connected care, dermatology, women’s health, rehabilitation, and more.

We hope you will have the opportunity to stop by the clinic and learn about these great virtual-care opportunities, which can decrease the Veterans' requirement to travel.

The Aleda E. Lutz VAMC in Saginaw, Michigan operates an 81-bed skilled nursing and rehabilitation Community Living Center, with an additional 8-bed acute medicine and telemetry wing. It provides care to over 35,400 Veterans in a 35-county geographic area, from mid-Michigan to the Mackinac Bridge. Veterans also receive care at one of our nine VA Community Based Outpatient Clinics located throughout Michigan. More information about this VA can be found at www.saginaw.va.gov.
